- 30th July - Payment deadline for registration
- 15th September - Final program of IX REQUI

ORGANIZATION OF THE MEETING

The scientific activities will include poster and oral presentations, keynote speeches, GTPEQ/APEQ/AEQUA group meetings, and the excursion.

The official languages of the meeting are Portuguese, Spanish and English.

The scientific committee which will review the abstracts will be formed before the 2nd announcement is sent to you.

SCIENTIFIC PROGRAM

In order to broaden the scope of the meeting as much as possible, we propose to split the general topic of the meeting into the following subtopics:

1. Continental systems
2. Land-ocean interface systems
3. Marine systems
4. Methods and technologies of research
5. Archaeology, Geoarchaeology and Paleontology
6. Tectonics and Quaternary volcanism

Once abstracts have been received, the program will be further adapted into more specific topics.

SUBMITTING YOUR ABSTRACT

The organizing committee invites all Quaternary researchers to present their research during this meeting. Abstracts should be a maximum of 2 A4 pages including figures and references.

EXCURSIONS

We foresee a post meeting, 3 day excursion to the S & SW coastal areas of Iberian Peninsula.
